

Wapsie Valley FFA Can Drive

By Natalie Risse, Chapter Reporter

The Wapsie Valley FFA chapter is holding a can drive to raise funds for activities and general expenditures within the chapter. These activities and expenses include national convention, greenhouse supplies, classroom supplies, and much more. The cans are collected in a trailer located in Fairbank across from Casey's. It is asked that any glass bottles please be placed towards the back of the trailer, but do not block the door and the cans be bagged and placed towards the front of the trailer. The trailer will be located across from Casey's for donations until October 10, 2016. Wapsie Valley FFA thanks Greg Beierschmitt for the use of the trailer and the community for their support.
